

Child Life & Education Services

July 11th, 2006

Mikey's Way Foundation
P.O. Box 76
Easton, CT 06612

Dear Mikey and family,

On behalf of the children, families and staff at Schneider Children's Hospital, we wish to thank you for your extremely generous donation and taking the time to visit the children in the hospital. The visit was an overwhelming success. So many children, families and staff were touched by your story and desire to give to others in the hospital. Your interactions with our patients were not only appropriate, but uplifting and inspiring.

As you know, a child's stay in the hospital can be a complicated and difficult time. The visit from your foundation and the donations you gave provided some joy and diversion during their hospitalization. The kids are still talking about it today.

We are very grateful for your desire to give, support and caring for our children. Should a future visit next year be possible, we would be happy to make the necessary arrangements. I know how much hard work you put into these visits and we are so very appreciative of your efforts.

Thank you again from all of us here at Schneider Children's Hospital.

Sincerely,

Rachel Kemble, CCLS
Certified Child Life Specialist
Special Events Coordinator
Child Life Program
