Dear Les:

On behalf of the Child Life Department of the Yale-New Haven Children's Hospital, I would like to thank you for your generous gift of a computer printer, a computer, 2 large-screen TVs, a Wii Guitar Hero game system, a camera printer, IPods, and assorted games, CDs and DVDs which you donated to the pediatric oncology patients and their families.

It was a pleasure to meet you all in March when you delivered your wonderful gifts to us. Since that time, the computer printer and computer have been installed in our teen lounge, the DVDs and CDs and games have regularly been "checked out" by many of our patients and we are waiting to install the second of our 2 big-screen TVs. As you might imagine, the Wii Guitar Hero game is a hit and the IPods have been given to those patients who are receiving chemotherapy - this has helped them in a big way to cope with their sessions.

We appreciate your kindness in sharing with us and the children by honoring Mikey in this special and meaningful way.

Most sincerely,

Ellen Good, Manager
Child Life Department
